

Directions by car, bus, train etc. Coldplay concert

In the hours before the concert we expect an increase in traffic on certain routes to and from Herning. Therefore we encourage all our guests to arrive early, as there may be delays due to heavy traffic and parking conditions.

We recommend alternative routes to the visitors who arrive by car. The recommended routes allow for increased traffic from the East of Denmark and will therefore vary in proportion to the suggested route planning on ex. Krak.dk.

Is it possible for you to offer car pooling or are you looking for transport to Herning please find further information on the following link: www.turen.dk.
